AGREEMENTS

There are 3 types of agreements with IDETI:

1. Agreement for Project Managers

Every idea registered on the platform of IDETI by any citizen, and chosen by one or more laboratories of IDETI after being approved by a selection process, will be contacted by IDETI in order to make an agreement as a “Project Manager”, and define the strategy to suit both parties, and thus making the idea from a project to its’ completion , placement, application, publication and / or merchandising. IDETI protects and potentiates every idea under a legal framework, and the statutes proposed by IDETI, will always be under a professional, fair, equitable and ethical treat.

2. Agreement for Collaborators:

IDE TI elaborates this agreement based on the Classification’s Collaborators of IDE TI: Institutional Collaborator, Academic Collaborator, Professional Collaborator, Business Collaborator, Organizational Collaborator. Each type of Collaborator, with IDE TI defines how both parties positively interact and feed. Legal statutes shall be determined by both parties.

3. Troubleshooting Agreement:

IDE TI realizes this kind of agreement, when a citizen and / or private and public organism, requests from IDE TI consulting to solve a problem according to emerging development areas. IDE TI is able to find a solution to any national and international problem. IDE TI proposals are reviewed by the multidisciplinary team of the 14 IDE TI’s laboratories.
